

TOORAK DANCE HOLIDAY JUNE 2023

Our June holiday was an absolute dream holiday. We arrived on the Friday afternoon in time for a cuppa and briefing session. A little warm up dancing followed, to set the mood.

Lynne and Geoff welcomed us with open arms , promised and delivered another sensational holiday. They even planned the weather!

The Toorak were as ever immensely helpful and the food lived up to its usual standard. Thank you!

Friday evening it was our themed evening of dancing a purple and green spectacle to behold, it gave the dance floor a happy hue!

Lynne can be immensely proud at the speed we all learned the Harry Lime mambo - seeing gleeful faces at the end of the session at the sense of achievement, then replicated throughout the weekend.

For the ballroomers there was a technique workshop that followed to improve our waltz. You would never guess how hard it is to step straight forward and backwards when in dance shoes. Considering how much we take it for granted in our everyday life, quite bizarre!

John Westlake provided superb music for our Saturday night black tie ball - very dapper we all looked too. The atmosphere was terrific and all had sore feet from many hours of great dancing by the end - WOW!

Topped on the Sunday with a favourites slot before sad farewells until we meet again...
